

NOTES FOR THE CHORUS FROM STAGE ORCHESTRA REHEARSALS

GEISHA:

Please remember you close your parasols when Butterfly closes her parasol.

Your beautiful and dignified noble attitudes were beautiful and very touching yesterday. BRAVI

ALL CHORUS:

Please no one move after the freeze until the sliders are completely closed. We saw some family members starting to exit way too soon

Please RUN to the huddle around the Bonzo. FAST and with ENERGY. Please no stragglers at the back! It should be an incredibly powerful move which frightens Butterfly and all of us watching!
