(DALLAS, March 11, 2026)—Spring appearances of The Dallas Opera's [OperaTruck](#) begin this Saturday, March 14, at Grand Prairie Memorial Library. Following appearances are March 28, April 25, and May 2.

Each spring and fall, The Dallas Opera (TDO) offers FREE entertaining and educational "pop-up" performances of 30-minute family-friendly operas.

Since 2021, these productions have been performed on the OperaTruck. This mobile outdoor stage is set up on the flatbed of an 18-wheel "big-rig" and driven out into the community. TDO Board Chair Quincy Roberts supplies the truck through his company, Roberts Trucking.

The spring 2026 performances feature *The Three Little Pigs*. True to the classic tale, this English-language mini-opera is perfect for young attention spans. A delightful introduction to how music can make a beloved story come alive with a message that reading solves all sorts of problems! See performance locations below.\*

\*Note: All performances take place outside on the OperaTruck stage. In event of inclement weather, the performance will move inside the venue.
